

SEAMLESS REPLACEMENT FOR DOCUSIGN ARX COSIGN CLOUD SERVICE

OVERVIEW

As of August 31, 2017, the ARX CoSign Cloud services were officially discontinued. Agile Frameworks, an authorized reseller for DocuSign®, offers a direct and seamless replacement for the service as one of its SaaS subscription offerings. The replacement signature services are powered by the DocuSign Signature Appliance (DSA) and available through the DSA client for Microsoft® Windows® or the DSA Web Application.

WHAT DOES THIS MEAN FOR ME?

- We make it easy for ARX CoSign Cloud services users to convert to the replacement service. Simply follow the steps below.
- STEP 1: Contact Agile Frameworks to confirm pricing, complete the terms of use contract, and register your subscribers.
- STEP 2: Reconfigure your Windows clients to point to Agile Frameworks' signing service or open your web browser to Agile Frameworks' signing service.
- STEP 3: Reset your password and upload your signature graphics and seals.

SUPPORT

We offer customers an intuitive, comprehensive online Help repository. Support is provided through Agile Frameworks' U.S.-based dedicated support team. Customers can choose to access their 24X7 personal support portal or, for mission critical issues on weekends and holidays, our toll-free support line 1.800.779.1196.
